SECTOR ANCHORAGE

The Alaska Department of Environmental Conservation, U.S. Coast Guard, and Environmental Protection Agency are updating Annex D of the Unified Plan to more clearly define the process for making changes to the Unified Plan and to define the role of a newly formed "Steering Committee," which is composed of representatives from the three Unified Plan signatory agencies (USCG, EPA, and ADEC). These changes are intended to simplify and streamline updates and outline a better mechanism for resolving differences of opinion when they occur. The draft document is available for review at: http://dec.alaska.gov/spar/perp/plans/uc.htm.

We request interested parties to review the updated draft and provide feedback prior to June 15, 2015. Comments received after this date will be considered during the next Unified Plan update cycle. Written comments are public records and are publicly available. The ADEC, USCG and EPA comply with Title II of the Americans with Disabilities Act of 1990. If you require special accommodations to participate in this process, please contact Natalie Wolfe at (907) 269-0291; dial TDD Relay Service at 1-800-770-8973/TTY; or dial 711 to ensure accommodations are provided.

Feedback can be submitted electronically to: http://alaskarrt.org/comment/Default.aspx; by e-mail to decsparplanning@alaska.gov; or by mail to: Kion Evans, ADEC, 555 Cordova Street, Anchorage, AK 99501.
